ESTATE & WINERY

## Spring 2005 Harvest Moon Winery News

- **Tasting Room Set to open:** On Saturday July 30th, we are planning to have a party here at the Winery celebrating the official **Grand Opening** of the Tasting Room! I know it's been long coming but the day will soon be here! To say that we are excited would be an understatement. Please watch the website for details!
- **BUD BREAK!** Bud Break occurred slightly earlier than normal due to a relatively warm March. We are concerned with May frost, but expect to have another great growing season! Let it grow!

### What's New?

- **Great News!** The US Supreme Court has ruled in our favor with regards to shipping our limited-production wine to certain states! What does this mean for you? For those in the states we can't officially ship to, be patient because we are very close. Check out [www.wineinstitute.org](http://www.wineinstitute.org) for official news.
- **Fruit of the Vine Photography:** Harvest Moon Winery now has an Estate Photographer. A Winery friend, Francisco Hernandez has turned his amateur hobby of capturing the many different micro seasons of Russian River and the Estate to a commercial position. You can view some spectacular photos of Harvest Moon and the Russian River Valley on our site. Visit our site for the new Estate photo page.
- **We are excited to have received some very nice accolades for all three of our Zins. In February, the San Francisco Chronicle gave our 2002 RandyZin a GOLD MEDAL and in March the Grand Harvest Awards gave our Russian River Valley and Pitts Home Ranch Zins both GOLDS!**
